# HOW DO WE TREAT OTHERS?

What type of person are you? What are your good qualities?  
How do you treat others? Are you respectful or do you sometimes put others down?

**TREAT**

How we treat others is a sign of the type of person that we are.  
Other people can learn about us by seeing how we treat our friends, our brothers and sisters and our parents. If we are respectful and use our manners, we will gain respect from other people.

The Golden Rule – treat others the way that you would like to be treated.

How do you live the golden rule in your life?

I use my manners.

# HOW DO WE SPEAK TO OTHERS?

You have control over what you say and how you say it. You can choose what you might say and how you say it and this is a very important choice to have.

**SPEAK**

In different situations you might speak differently. When you are talking to your principal, you might be a little bit shy and take time and care to speak respectfully.

When you are speaking to your friends more respectfully, you speak in a more relaxed and comfortable way. What are some other differences? Why is it different?

## REFLECTION

Think about how you speak to your parents. How do you speak to them?

"Mum,....."

"Dad,....."

Would you speak that way to your teacher? Why or why not?

THINK OF ANYTHING  
NICE TO SAY, THINK  
HARDER!**
